

DENVER BOARD OF WATER COMMISSIONERS

Meeting Date: December 7, 2011

Board Item: V-A-12

**Agreement with the Colorado Department of Transportation
for the Federal Boulevard Bridge Over Colfax Avenue Project
and the Relocation of Conduit No. 1
Agreement 13942A**

Action by Consent

Action

Information

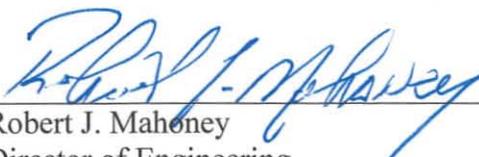

The Colorado Department of Transportation (CDOT) is rebuilding the Federal Boulevard Bridge over Colfax Avenue. The bridge reconstruction will require a local relocation of Conduit No. 1. The relocation to accommodate the new bridge is funded by CDOT but leaves the conduit in a less than desirable location and does not account for future intersection improvements by the City of Denver. CDOT has agreed to make the \$516,500.00 that would have been spent on the local relocation available for Denver Water to apply toward a more comprehensive relocation away from CDOT activities and in concert with pending intersection improvements. A capital project to execute the ultimate relocation of the conduit is budgeted for 2013 at an estimated cost of \$800,000.00.

Recommendation

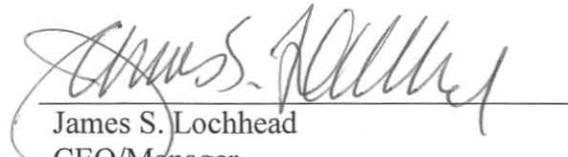

It is recommended that the Board execute Agreement 13942A with the Colorado Department of Transportation to receive funding toward the 2013 Relocation of Conduit No. 1 in the amount of \$516,500.00.
