Action

Information

Kevin Hinshaw of Sempra Professional Services, Inc. has been engaged as a software developer, augmenting staff in the Tier II Application Support Section of the Information Technology Division since December of 2009. Over the next year, Kevin will be focused on:

Enhancing and supporting .NET and MS Access applications, including:

- Supporting the Community Relations Database and the interface to a third party vendor
- Completing conversion of the Conservation-M&E database
- Developing application enhancements and support related to the following database applications: FireFlow, Leak Adjustments, Locates, Meter Tags, Soil Amendments, Water Waste, and RDA - Iron Mountain
- Oversee the process of archiving and retiring various Access applications
- Preparing detailed application support documents
- Facilitating User Acceptance Testing and resolving issues that may arise

Services provided under this contract extension will be charged at the current rates of \$77.00/hour. Funding for this contract extension is budgeted in the IT Professional Services budget (MPC 4JN0100).

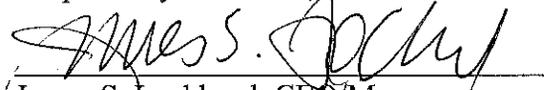

Sempra Professional Services is MWBE certified.

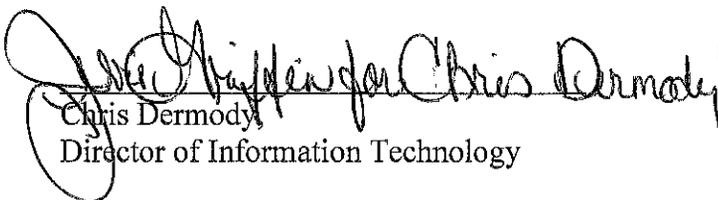

Recommendation:

It is recommended the Board approve this contract extension with Sempra Professional Services, Inc., for the software development services of Kevin Hinshaw, for an additional twelve months, for an additional amount not to exceed \$154,000. This extension will bring the contract amount with Sempra to a total of \$240,240.

Approvals:

Respectfully submitted,

James S. Lochhead, CEO/Manager

Chris Dermody,
Director of Information Technology

Patricia L. Wells,
General Counsel
