In May, 2012, Beverly Scott of Sands Enterprises, Inc. resigned her contract position with Denver Water as the Disaster Recovery project manager. Beverly's last date was April 27, 2012. Sands Enterprises decided not to pursue providing a replacement consultant.

The opportunity to provide a replacement consultant was extended to twelve firms. Five firms responded with candidates. A total of nine candidates were interviewed, four of which advanced to second-round interviews. Wilie Post of the Doyle Group (an SBE) was selected as the best consultant to fill the role. Mr. Post possesses all of the necessary skills and experience and will be engaged through the planned duration of the IT DR Project (as Ms. Scott was) at the billing rate of \$88/hour (slightly lower than the rate of \$90/hour with Sands Enterprises).

Recommendation:

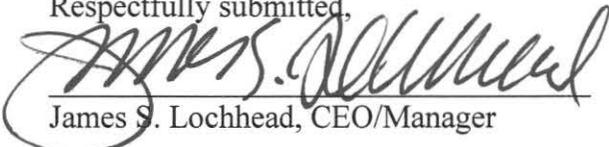

It is recommended the Board approve this contract with The Doyle Group, for the project management services of Wilie Post through April 30, 2014, for an amount not to exceed \$352,000.

**Approvals:**

Chris Dermody,  
Director of Information Technology
