Information

Denver Water requires the rental of cranes in outlying areas on an as-needed basis for various projects such as the placement/removal of the Dillon Dam spillway plug and installation of concrete pipe. The Contractor agreement provides fixed pricing in advance for equipment needed on short notice.

On April 24, 2009, Denver Water awarded a contract to Terry's Crane & Rigging, Inc. to furnish the rental of attended and unattended cranes for outlying areas for \$100,000.00, for the period May 1, 2009 through December 31, 2009. On September 9, 2009, the contract was extended through April 30, 2010, with no additional funds. Expenditures to date are \$109,820.00. Additional funds are needed in the amount of \$25,000.00 through April 30, 2010.

Funds are included in the 2010 Budget for this expenditure (Various).

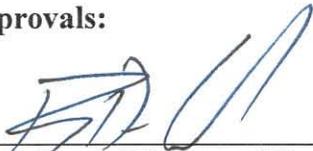

Recommendation:

It is recommended the Board authorize the additional funds for Contract 12207A to Terry's Crane & Rigging, Inc., for rental of attended and unattended cranes for outlying areas through April 30, 2010, for an additional contract amount of \$25,000.00, for a total contract amount not to exceed \$125,000.00.
