Meeting Date: June 26, 2013

Board Item: 3-A-2

Agreement with Carollo Engineers, Inc. for the Marston Chemical Systems Upgrade Contract 15034A

Input boxes for Action by Consent, Action, and Information.

On June 6, 2013, a proposal was negotiated for the Marston Chemical Systems Upgrade Project. This project's scope of work is to provide electrical, instrumentation, and control (EI&C) design engineering services associated with the replacement of the chlorine equipment at Denver Water's Marston Water Treatment Plant.

The Agreement was negotiated with Carollo Engineers, Inc. is to provide EI&C design engineering services up to the construction phase of the project in the amount of \$145,580.00 on a compressed design schedule, requiring the work to begin right away.

The 2013 Capital Improvement Plan (MPCs 2CE0512, 2CE0520, 2CE0560, 2CE5073) includes sufficient funds for this project.

The Minority Women Business Enterprise (MWBE) participation will be obtained during the construction phase.

Recommendation:

It is recommended that the Board approve Agreement 15034A to Carollo Engineers, Inc. for the Marston Chemical Systems Upgrade Project in the amount of \$145,580.00.
