Information

Denver Water purchases annual maintenance and support services for its CheckPoint internet firewall systems and laptop encryption software from Dirsec Inc., a reseller of CheckPoint products and services. Annual renewal of this subscription provides ongoing firewall security for networks connecting to the primary-datacenter, alternate-datacenter and 54 Industrial Control System (ICS/SCADA) sub-networks. This subscription also provides support for full-disk encryption for all Denver Water laptops.

Additional authorized funds of \$110,918.25 are required for 2015 annual maintenance and support services. These funds are included in the 2015 IT Security Budget. (MPC: 4JN0002)

Recommendation:

It is recommended that the Board approve additional contract funding of \$110,918.25 for contract 07307A with Dirsec Inc., resulting in a total contract amount of \$667,328.25.
