

# DENVER BOARD OF WATER COMMISSIONERS

Meeting Date: December 14, 2011

Board Item: V-A-2

## Water Saving Devices at Denver Public Schools

Action

Information

Contract No. 11966I provides rebates for water efficient hardware purchased by DPS for the schools listed in under exhibit A in the contract. The estimated water savings for this contract is approximately 45 acre feet annually. DPS was able to accelerate their retrofit work this year, and thus they completed several mores schools than originally planned.

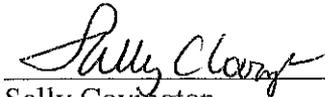

An additional \$150,000.00 has been set aside to rebate DPS. The first amendment to Contract No. 11966I increases the compensation by \$150,000.00 to a total compensation not to exceed \$400,000.00.

### Recommendation:

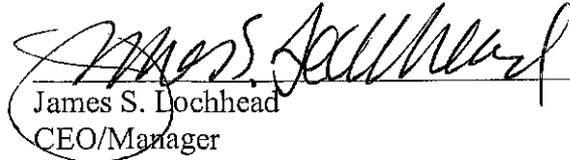

It is recommended that the Board approve the amendment to contract #11966I.

### **Approvals:**

Respectfully submitted,
