

DENVER BOARD OF WATER COMMISSIONERS

Meeting Date: April 10, 2013

Board Item: V-A- 6

**Additional Funds Request for Non-Destructive Hydro-Excavating
Contract # 13501A**

Action by Consent

Action

Information

Denver Water uses non-destructive hydro-excavating to remove material and/or liquids from vaults, manholes, valve and stop boxes, and related structures in the Denver Metropolitan area. The process utilizes pressurized water to loosen dirt which is then subjected to vacuum removal. This method is faster and results in lower disturbance to surrounding infrastructure than conventional excavation.

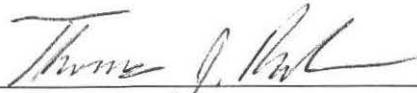

The Board entered into Contract No. 13501A with RNR Enterprises, Inc., to provide services for non-destructive hydro-excavating for the contract period August 1, 2011, through July 31, 2013. This contract is near the not to exceed amount of \$100,000.00 for Transmission & Distribution and Operations & Maintenance projects. Therefore, this contract needs to be amended to increase compensation by \$20,000.00.

Recommendation:

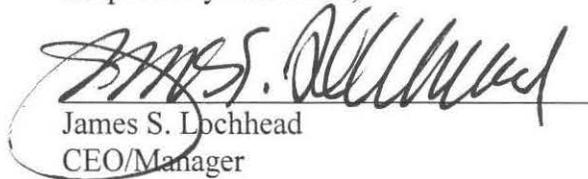

It is recommended the Board authorize the additional funds for Contract No. 13501A with RNR Enterprises, Inc. for Non-Destructive Hydro-Excavating for the contract period August 1, 2011 through July 31, 2013, for an additional contract amount of \$20,000.00, for a total contract amount not to exceed \$120,000.00.

Approvals:

Respectfully submitted,

Thomas J. Roode
Director of Operations & Maintenance

James S. Lochhead
CEO/Manager
