Information

Conduit Nos. 12 and 18 crossing the South Platte River must be lowered to accommodate the City and County of Denver's rechanneling of the South Platte River between 8th Avenue and Colfax Avenue.

Denver Water will perform the construction. The cooperative agreement allocates the reimbursement responsibilities of the City and County of Denver. Denver Water will be reimbursed for 100% of the costs associated with the conduit lowerings following construction. The associated design and construction contracts will be presented to the Board at future Board Meetings.

The MWBE goals will be achieved during the design and/or construction phases of the project.

The 2009 Capital Improvement Plan (MPC 2DD0278) included funds for this work.

RECOMMENDATION

It is recommended the Board approve the Cooperative Agreement 11986A with the City and County of Denver for the reimbursement of \$1,686,355.00 for the lowering of Conduit Nos. 12 and 18 after completion of construction.
