

DENVER BOARD OF WATER COMMISSIONERS

Meeting Date: October 09, 2013

Board Item: V-A-10

Tabulation of Bids for Medium Voltage Motors at West Belleview Pump Station Contract # 15074A

Action by Consent

Action

Information

This contract is for replacement of two motors at Belleview Pump Station. The motors are used to drive water pumps in the water distribution system. The existing motors are original equipment to the pump station, which is over 30 years old. The motors have reached the end of their expected life and have required increased maintenance in recent years. Replacement is recommended by Operations and Maintenance and Engineering to increase reliability, maintainability, efficiency, and safety.

An Invitation for Bids was sent to four (4) pre-approved contractors. Denver Water received three responses which were evaluated based on price, ability to meet the required lead-time, and conforming to specifications. Innovative Power Systems was found to be the best value for Denver Water.

Funds for this contract are included in the 2013-2014 capital budget under MPC 2DB0347.

Recommendation:

It is recommended the Board authorize award of Contract No. 15074A to Innovative Power Systems for Medium Voltage Motors at West Belleview Pump Station for the contract period October 09, 2013, through April 25, 2014, for a total contract amount not to exceed \$139,141.00.

Budget Considerations

Master Plan Code(s): 2DB0347

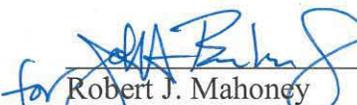

Budgeted Item Unbudgeted Item Funds transferred from another project
