

DENVER BOARD OF WATER COMMISSIONERS

Meeting Date: June 12, 2013

Board Item: V-A- 12

**Purchase of Additional HP Hyper-V Servers**

Action by Consent

Action

Information

In January 2013, the Board approved the purchase of three enterprise class HP Hyper-V servers (computers) to provide additional virtual hosting capacity in the primary IT datacenter. This Board Item is requesting approval for the purchase of two additional Hyper-V servers to provide virtual hosting capacity in the alternate IT datacenter. This purchase is a planned component of the IT Disaster Recovery Project and is fully budgeted in the 2013 IT Infrastructure Budget (3HK0001).

Recommendation:

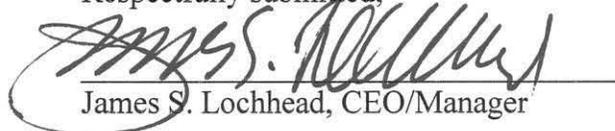

It is recommended the Board approve the purchase of additional HP Servers and maintenance & support services as outlined in the detail quote from HP, for a total amount not to exceed \$110,189.24.

**Approvals:**

Chris Dermody,  
Director of Information Technology

Respectfully submitted,

James S. Lochhead, CEO/Manager

Terri Bryant,  
Controller
