

# DENVER BOARD OF WATER COMMISSIONERS

Meeting Date: September 14, 2011

Board Item: V-A-3

## Tabulation of Bids for Waste Removal at Denver Water's Metropolitan Facilities

Action by Consent

Action

Information

Denver Water requires waste removal services at each of its facilities located in the Denver Metropolitan Area as well as at various Denver Water job sites, on an as-needed basis. This contract has been expanded to include the various job sites that were not included in previous price quotes in order to properly estimate funds for the coming years and to receive competitive pricing.

Requests for bids were sent to 89 potential bidders, 54 of which were SBE's and e-mailed to 10 SBE organizations. Denver Water received a total of 2 responses, 0 of which were from SBE's. The low bid was submitted by Waste Management of Colorado, Inc. It is estimated that by going out to bid for this contract, Denver Water saved a total of \$10,000 per year through economies of scale and better contract definition and control.

Waste Removal Services are budgeted in the Operations & Maintenance 2011 budget and included in the 2012, 2013 and 2014 budgets for this item.

### Recommendation:

It is recommended that the Board authorize award of Contract No. 13663A to Waste Management of Colorado, Inc. to provide waste removal services for the period October 1, 2011 through September 30, 2014, for a total amount not to exceed \$255,000.

### Approvals:

Respectfully submitted,

Thomas J. Roode  
Director of Operations & Maintenance

James S. Lochhead  
CEO/Manager

Angela C. Bricmont  
Director of Finance
