

# DENVER BOARD OF WATER COMMISSIONERS

Meeting Date: September 14, 2011

Board Item: V-A-4

## Tabulation of Bids for Rental of Traffic Control Barricades

Action by Consent

Action

Information

Denver Water rents traffic control barricades and flag personnel for use throughout the Denver Metropolitan Area. The previous Contract No. 12862A reached the estimated not to exceed amount sooner than anticipated due to the unusually high volume of projects requiring traffic control services. The new contract reflects a revised estimate of these services that will be required for the contract period.

Requests for bids were sent to 64 potential bidders, 48 of which were SBE's and e-mailed to 10 SBE organizations. Denver Water received a total of 7 responses, 3 of which were from SBE's. The low bid was submitted by Altus Traffic Management, Inc. It is estimated that by going out to bid for this contract, Denver Water will save a total of \$384,000 for the new contract term.

Rental of Traffic Control Barricades is budgeted in the Operations & Maintenance budget as well as the capital budget for 2011 and funds will also be included in the 2012 and 2013 budgets for this item.

### Recommendation:

It is recommended the Board award Contract No. 13800A to Altus Traffic Management, Inc. to furnish traffic control barricades and flag personnel for the contract period October 1, 2011 through September 30, 2013, for a total contract amount not to exceed \$1.8 million.

### **Approvals:**

Respectfully submitted,

Thomas J. Roode  
Director of Operations & Maintenance

 James S. Lochhead  
CEO/Manager

Angela C. Bricmont  
Director of Finance
