

Denver Board of Water Commissioners

Title:

**Tabulation of Bids for Trimble GPS Equipment**

Meeting Date: 2/11/2009

Contract/Proposal 12116A

- Action by Consent     
  Action     
  Information

Denver Water currently has a GPS Base Station Network that allows the Survey Section to quickly and efficiently collect data to support numerous requests by the various Divisions at Denver Water. The procurement of this equipment being requested will significantly increase our data collection abilities. Currently, there are six field crews available. This new equipment will allow us to redeploy our field personnel into two-man crews enabling the Survey Section to accomplish more work with the same number of staff. The new equipment will replace older equipment that is not cost effective to use. Current outdated equipment will be kept as a backup source only.

Requests for bids were sent to four potential bidders, with one responding as per the attached tabulation. There were no SBE's available to furnish these items.

**RECOMMENDATION:**

It is recommended the Board authorize award of a contract to Vectors Inc., to furnish Trimble GPS Equipment for a total amount of \$104,244.00. This award is based on acceptable price, compliance with specifications and acceptable delivery. Funds are included in the 2009 budget for this expenditure (MPC 3HJ0006)

**Budget Considerations**

Master Plan Code(s) 3HJ0006

- Budgeted Item   
  Unbudgeted Item   
  Funds transferred from another project:

**Budget Variance**

Current Year Budget	590,532.00
Amount Requested This Item	104,244.00
YTD Expenditures	16,535.00
Additional Expenditures Anticipated	469,753
Revised Current Year Estimate	590,532.00
Variance Required	0.00

Approvals:

Robert Mahoney, Director Engineering

David LaFrance, Director Finance
