Information

Dinesh Shenoy of Sempra Professional Services, LLC has been engaged as a Maximo software developer and configuration specialist, augmenting staffing in the Tier III development section of the Information Technology division since April of 2008. He was instrumental in the recent deployment of a number of Enterprise Asset Management System (EAMS) related initiatives, including automation of Emergency Services requests for T&D to perform Emergency Work, and functionality to support further automation of the Flushing program.

Over the next year, Dinesh will continue in the role of Maximo software developer, with a focus on EAMS initiatives, including configuration of the work management system to enable O&M and Engineering business / planning process automation. This involves integration of the GIS, Maximo work & maintenance management system and our mobile applications, powered by Service Suite from Ventyx.

Services provided under this contract extension will be paid at the rate of \$110.00/hour

**RECOMMENDATION:**

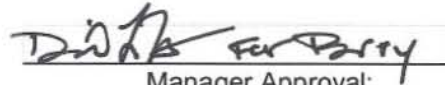

It is recommended the Board approve this contract extension with Sempra Professional Services, LLC, for the services of Dinesh Shenoy for an additional twelve months, at a cost of \$220,000, resulting in a total contract value of \$421,600.

Chris Dermody, Director Information Technology

Patricia L. Wells, General Counsel
