

# DENVER BOARD OF WATER COMMISSIONERS

Meeting Date: October 8, 2014

Board Item: II-A-8

## Agreement for Rental of Traffic Control Barricade Services Contract # 13800B

Action by Consent

Action

Information

Denver Water contracts for traffic control services which include traffic planning and barricade rental for use throughout the Denver metropolitan area. Currently, these services are contracted to Altus Traffic Management, Inc. Due to unresolved performance issues with the current contractor, it is necessary to contract with a secondary vendor to meet the volume of work in Operations and Maintenance.

During the initial bid process the recommended vendor, NPL Construction Company dba Northern Barricade Company, was the second lowest bidder. Northern Barricade Company will be awarded a secondary traffic management contract for one year with a not to exceed contract amount of \$1,200,000.00. Work performed by Northern Barricade Company will utilize the existing funds allocated to the Altus contract; no additional funds are being requested for this contract.

Traffic control services are scheduled for rebid in 2015.

Funds for rental of traffic control barricades are included in the 2014 Budget and ten year plan.

### Recommendation:

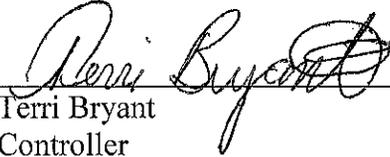

It is recommended the Board approve Contract No. 13800B to NPL Construction Company dba Northern Barricade Company to furnish traffic control barricades and flag personnel for the contract period October 8, 2014 through September 30, 2015.

### Approvals:

Respectfully submitted,
