

DENVER BOARD OF WATER COMMISSIONERS

Meeting Date: April 27, 2011

Board Item: 2-A-4

**APPROVAL OF INTERGOVERNMENTAL AGREEMENT (IGA) WITH
JEFFERSON COUNTY FOR STRONTIA SPRINGS RESERVOIR
DREDGING RELATED GRADING
AGREEMENT 13618A**

Action by Consent

Action

Information

On April 14, 2010, the Board approved Contract 12650A in the amount of \$30,046,500.00 with Severson Environmental Services, Inc. to provide dredging services for removal of sediment in Strontia Springs Reservoir. The project consists of removal by dredging of approximately 625,000 cubic yards of sediment from the reservoir and transport by pumping to the Kassler filter beds for dewatering and stockpiling.

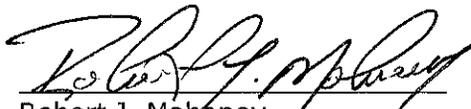

An IGA in the amount of \$107,304.00 is required between Jefferson County and the Board arising from Grading Permit No. 10-116633GP/10-111489FP issued by Jefferson County for work at the Kassler filter bed property. Erosion control, drainage, and stabilization improvements are being made to allow the stockpiling of dredged sediment from the Strontia Springs Reservoir at this location. The grading permit authorizes the storage of stockpiled sediment on Denver Water property. The IGA provides assurances to the permitting agency to guarantee performance of the improvements described in the grading permit.

The 2011 Capital Improvement Plan (MPC 4AN0002) includes funds for this project. No additional funds are required for the IGA as funds from the existing contract amount are used and will be paid to the Contractor once the IGA conditions are met.

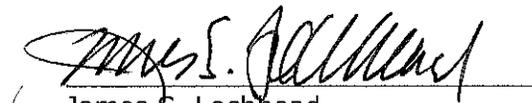

RECOMMENDATION

It is recommended the Board approve the Intergovernmental Agreement 13618A with Jefferson County for the Strontia Springs Reservoir Dredging Related Grading authorized by Jefferson County Permit No. 10-116633GP/10-111489FP in the amount of \$107,304.00.
