Information

Contract# 11607A

Dinesh Shenoy of Sempra professional Services has been engaged as a MAXIMO software developer / configuration specialist, augmenting staffing in the Tier III New Solutions Development section of the Information Technology Division since April of 2008. Dinesh has been instrumental in all of our Enterprise Asset Management System (EAMS) initiatives, including:

- ✓ Automating work management of the Hydrant Inspection program
- ✓ Automating T&D work management using the MAXIMO system
- ✓ Integration between MAXIMO and the new KRONOS time keeping system

Over the next year, Dinesh will continue in the role of MAXIMO software developer / configuration specialist, with a focus on EAMS initiatives, including:

- Improved Asset Management capabilities through integration of Valves, Vaults, Mains and Conduits in the GIS and the MAXIMO Work Management system.
- Automation of the T&D Locates process using MAXIMO & Mobile Workforce capabilities
- Automation of T&D field crew work management using MAXIMO & mobile workforce capabilities
- Upgrade of the MAXIMO based Emergency Services and the annual Flushing Program using the new Denver Water Mobile software platform
- Automation of Distribution Engineering work planning & estimating via MAXIMO Compatible Unit Estimating capabilities

Services provided under this contract extension will be charged at the rate of \$117.00/hour. Funding for this contract extension is budgeted in various IT EAMS related project budgets.

Recommendation:

It is recommended the Board approve this contract extension with Sempra Professional Services for the MAXIMO software development and configuration services of Dinesh Shenoy, for an additional twelve months, for an additional amount not to exceed \$234,000. This extension will bring the contract amount with Sempra Professional Services to a total of \$875,600.

Approvals:

Chris Dermody,
Director of Information Technology
