Information

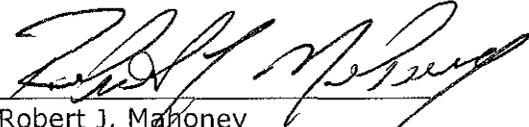

---

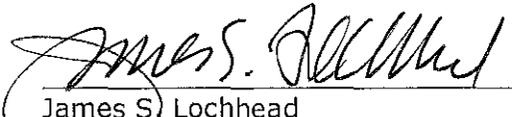

As part of Denver Water's continued efforts to increase efficiency, Engineering has undertaken three new initiatives. These initiatives address how we handle legacy issues and how we change our traditional project approach to increasing productivity. In essence, we are developing a new way of doing business on capital projects.

The initiatives we will discuss include:

- Legacy Issue: 20" and Smaller Pipeline As-Built Drawings and GIS posting
- Legacy Issue: Capital Construction Record Drawings and GIS posting
- Capital Projects Construction Standards

Approvals:

  
Robert J. Mahoney  
Director of Engineering

  
James S. Lochhead  
CEO/Manager
