

DENVER BOARD OF WATER COMMISSIONERS

Meeting Date: April 11, 2012

Board Item: V-A-7

Tabulation of Bids for Hauling Services Contract # 14027A

Action by Consent

Action

Information

Denver Water's Transmission and Distribution Section performs street excavations to install new water lines and repair the water distribution system. As a result of these excavations, several types of solid waste material ("spoils") need to be removed from the sites, including soil, dirt, concrete, asphalt, and other materials. Denver Water requires a Contractor to haul these spoils to a disposal site as well as to perform the pickup and delivery of squeegee sand and aggregate base course.

The Invitation for Bids was downloaded by 16 potential bidders and sent to 10 SBE trade organizations. Denver Water received a total of four responses, all of which were from SBEs. The low bid was submitted by Toby Cordova's Trucking LLC.

Funds for hauling services are included in the budget under various MPCs for 2012 and will be included in the 2013 and 2014 budget.

Recommendation:

It is recommended that the Board authorize the award of Contract No. 14027A to Toby Cordova's Trucking LLC for a total contract amount not to exceed \$2,600,000.00 for the period May 1, 2012 through April 30, 2014.

Approvals:

Respectfully submitted,

Thomas J. Roode
Director of Operations & Maintenance

James S. Lochhead
CEO/Manager

Angela C. Bricmont
Director of Finance
