

DENVER BOARD OF WATER COMMISSIONERS

Meeting Date: March 13, 2013

Board Item: V-A-7

**Tabulation of Bids for Mechanical Joint Ductile Iron Fittings  
Contract #14751A**

Action by Consent

Action

Information

Denver Water uses mechanical joint ductile iron fittings in its potable water line installations and repairs. Fittings sized 3” to 24” are attached to similar-sized pipe to facilitate various connections, changes in pipe direction, and plugging pipe ends.

The Invitation for Bids was issued via the Rocky Mountain E-Purchasing System, with three companies responding per the attached bid tabulation. Star Pipe Products was the lowest responsive bidder. The mechanical joint ductile iron fitting unit prices are firm for the first 12 months of the contract term.

The previous mechanical joint ductile iron fittings contract was awarded to Star Pipe Products on April 14, 2010.

Funds for mechanical joint ductile iron fittings are included in the 2013 through 2015 budgets under MPC 5QA0002.

Recommendation:

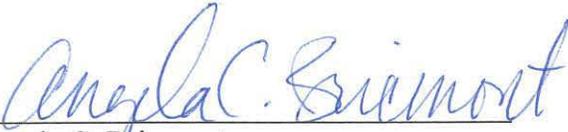

It is recommended that the Board authorize the award of Contract No. 14751A to Star Pipe Products for furnishing mechanical joint ductile iron fittings over the contract period April 1, 2013 through March 31, 2015, for a total contract amount not to exceed \$435,000.00.

**Approvals:**

Respectfully submitted,
