

DENVER BOARD OF WATER COMMISSIONERS

Meeting Date: March 13, 2013

Board Item: V-A-8

**Tabulation of Bids for Mechanical Joint Restraints  
Contract #14752A**

Action by Consent

Action

Information

Denver Water uses mechanical joint restraints to secure mechanical joint fittings, valves, and hydrants to water lines for new construction, pipeline repairs, and the Pipe Rehabilitation Program.

The Invitation for Bids was issued via the Rocky Mountain E-Purchasing System, with two companies responding per the attached bid tabulation. Star Pipe Products was the lowest responsive bidder. The mechanical joint restraint unit prices are firm for the first 12 months of the contract term. It is estimated that by going out to bid, the Board saved \$40,380.00 over the contract term.

The previous mechanical joint restraints contract was awarded to Star Pipe Products on February 9, 2011.

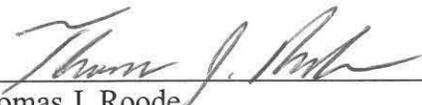

Funds for mechanical joint restraints are included in the 2013 through 2015 budgets under MPC 5QA0002.

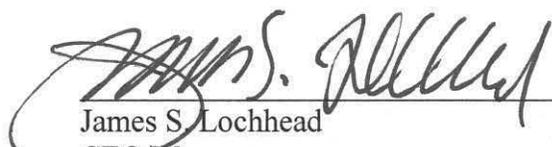

Recommendation:

It is recommended that the Board authorize the award of Contract No. 14752A to Star Pipe Products, for furnishing mechanical joint restraints over the contract period April 1, 2013 through March 31, 2015, for a total contract amount not to exceed \$545,000.00.

**Approvals:**

Respectfully submitted,
