

DENVER BOARD OF WATER COMMISSIONERS

Meeting Date: September 11, 2013

Board Item: V-A- 8

Tabulation of Proposals for the
Moffat Treatment Plant High-Resistance Grounding Repair
Contract 14868A

Action by Consent Action Information

On August 21, 2013, proposals were received for the Moffat Treatment Plant High-Resistance Grounding Repair Project. The project includes furnishing and installing all labor, materials, and equipment for the construction of the Moffat Treatment Plant High-Resistance Grounding Repair including the following major components:

- Furnish and install High-Resistance Grounding System 3 (HRG3)
Furnish and install High-Resistance Grounding System 4 (HRG4)
Furnish and install a new electrical panel

Three firms were provided with proposal packages. Two proposals were received with the lowest price proposal submitted by McDade-Woodcock, Inc. of Centennial, Colorado in the amount of \$269,414.00. The Engineer's Estimate for the work was \$260,000.00.

Due to the specialized nature of this work, there was no Minority and Women Business Enterprise (MWBE) goal established for this construction project.

The 2013-2014 Capital Improvement Plan (MPC 2CE0557) does not include sufficient funds for this project. The 2013 Capital Improvement Plan includes sufficient funds to cover construction activities during 2013. Funds will be added to this project in 2014 during the budget reconstruction.

Recommendation

It is recommended that the Board award Contract 14868A to McDade-Woodcock, Inc. for the Moffat Treatment Plant High-Resistance Grounding Repair Project in the amount of \$269,414.00.

Budget Considerations

Master Plan Code(s): 2CE0557
