Information

Contract# 12475A

---

Suraj Neupane of Sempra Professional Services has been engaged as a COGNOS System Administrator, augmenting staffing in the Tier II Applications Support Section of the Information Technology Division since August of 2009. COGNOS is our enterprise software product used for data reporting and analysis. Continued system administration work is required to support the existing and growing use of the COGNOS reporting and analysis tools. In the future, it is anticipated that this role will be filled by a regular employee. In the mean time, it is necessary to extend this contract for COGNOS system administration services.

Services provided under this contract extension will be charged at the current rate of \$85.00/hour. Funding for this contract extension is budgeted in the IT Professional Services budget (MPC 4JN0100).

Recommendation:

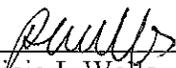

It is recommended the Board approve this contract extension with Sempra Professional services, LLC for the COGNOS system administration services of Suraj Neupane, for an additional twelve months, for an additional amount not to exceed \$163,200. This extension will bring the contract amount with Sempra Professional Services, LLC to a total of \$249,200.

**Approvals:**

Chris Dermody,  
Director of Information Technology

Respectfully submitted,
