

DENVER BOARD OF WATER COMMISSIONERS

Meeting Date: February 10, 2010

Board Item: V-E-6

**Purchase of Used D6T Dozer**

Information

---

Dozers are used by Denver Water to maintain its facilities at its Source of Supply locations. When feasible, used equipment is obtained in lieu of new equipment. For comparison purposes, a new Dozer is approximately \$350,000.00.

Fleet Maintenance evaluated several pieces of used equipment, from different manufactures. The proposed purchase of used equipment is the best available equipment which meets Fleets requirements. The used D6T Dozer will replace an existing Dozer in the Source of Supply locations.

There are no SBEs available to furnish this equipment. Funds are included in the 2010 Capital Improvement Plan for this expenditure (MPC 3HH0002).

Recommendation:

It is recommended the Board authorize award of Contract No. 12854A, to Wagner Equipment Company, to furnish one used Caterpillar D6T Dozer, for a purchase price of \$250,000.00.
