Information

On November 23, 2010, bids were received for the Foothills Treatment Plant Sodium Hydroxide System Improvements Project. The project scope includes furnishing and installing sodium hydroxide piping, two welded steel storage tanks, and electrical and instrumentation and control improvements. The project also includes selective demolition, cast-in-place concrete work and installation of various appurtenant structures. The work is located at the Foothills Water Treatment Plant.

Three bids were received with the low bid being submitted by Jennison Construction Company, Inc. of Littleton, Colorado, in the amount of \$221,729.00. The Engineer's Estimate for the work was \$209,000.00.

The Minority and Women Business Enterprise (MWBE) goal for this project has been established as 3% participation. Jennison Construction Company, Inc. achieved 3.42% MWBE participation.

The proposed 2011 Capital Improvement Plan (MPC 2CE5059) includes sufficient funds for these projects.

RECOMMENDATION

It is recommended the Board award Contract 13306A to Jennison Construction Company, Inc. for the Foothills Treatment Plant Sodium Hydroxide System Improvements Project in the amount of \$221,729.00.
