

DENVER BOARD OF WATER COMMISSIONERS

Meeting Date: December 8, 2010

Board Item: V-A-9

**Contracts Scheduled to Renew and/or
Add Funding in the 1st Quarter 2011**

Action by Consent

Action

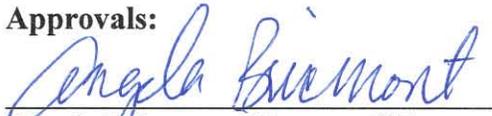

Information

Denver Water has a number of contracts that renew on an annual basis or need additional funding during the year. These contracts are reviewed by the contract administrators who have determined that the contracts continue to be of value, as well as a necessity to the operations of Denver Water.

The original terms and conditions of these contracts have remained unchanged. The total contract expenditure, including additional funding, is over \$100,000 and therefore is being provided to the Board for their review.

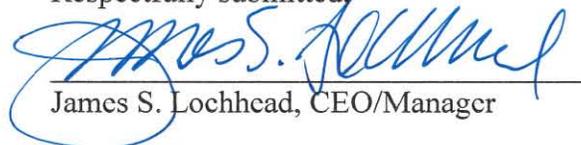

As requested by the Board, the contracts summarized in the attached document are those that are renewable or need additional funding for the next quarter.

Approvals:

Angela Brimont, Director of Finance

Respectfully submitted,

James S. Lochhead, CEO/Manager
