Information

The Board requires an occupational medical physician to be present part-time at its on-site Clinic to see employees regarding Workers' Compensation Claims and to provide other medical services as needed. The Board has contracted with Hugh H. Macaulay, III, M.D. to provide medical services and treatment for occupational illnesses and injuries since November 2000.

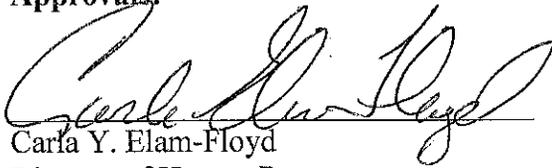

A Request for Proposal was sent to forty-six (46) potential bidders, two (2) of whom responded. Both respondents attended interviews with the selection committee where they answered questions regarding their approach to providing the medical services required. Critical in the selection process were: the ability of the doctor to work on-site at the Clinic, availability of the doctor after-hours for medical consult, Workers' Compensation organizations with which the doctor maintains a good working relationship, and cost of services provided. After a thorough analysis of the pros and cons of each physician, it was determined that Dr. Hugh H. Macaulay, III, M.D. would continue to provide the best value to the Board.

Funds for Occupational Medical Physician Services are included in the Human Resources 2013 budget.

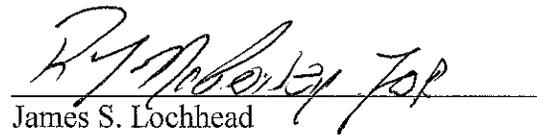

Recommendation:

It is recommended the Board authorize award of Contract No. 14482A to Dr. Hugh H. Macaulay, III, M.D. for Occupational Medical Physician and Medical Review Provider Services for the contract period January 1, 2013 through December 31, 2014, with an option for three (3) one-year renewals, for a total contract amount not to exceed \$360,000.00.
