

DENVER BOARD OF WATER COMMISSIONERS

Meeting Date: July 14, 2010

Board Item: V-A-5

Tabulation of Bids for Rapid Mixers at the Foothills Treatment Plant

Action by Consent Action Information

Proposal No. 13121A

Opened 07/08/10

Denver Water needs to replace a total of four rapid mixers, two mechanical mixers in the Phase 1 Rapid Mix channel and two mechanical mixers in the Phase 2 Rapid Mix channel at the Foothills Treatment Plant. The two mixers in Phase 1 were installed in 1982 and are approximately 28 years old. The mixers in Phase 2 are approximately 26 years old and are maintenance intensive. The mixers are near the end of their useful life and need to be replaced to improve performance and reliability.

Requests for bids were sent to thirteen potential bidders, and faxed to eight SBE organizations. Denver Water received two response bids, as per the attached tabulation. Neither one of the bidders were a SBE. The low bid submitted was by Chemineer, Inc.

RECOMMENDATION

It is recommended the Board award Contract 13121A, to Chemineer, Inc, to furnish four rapid mixers, for a total contract amount not to exceed \$119,084.00. This award is based on best price, compliance with specifications and acceptable delivery.
