Information

On March 30, 2012, proposals were received for the Moffat Collection System Vasquez Canal Piping. This contract includes furnishing and delivery of 3,038 linear feet of 114-inch reinforced concrete pipe and fittings. The pipe will be installed by the Operations and Maintenance division as part of continued conversion of the Vasquez Canal from covered lined canal to buried pipe. This project will improve the hydraulics of the raw water system and reduce maintenance.

The Invitation for Bids was sent to the only two prequalified bidders, Precast Concepts, LLC who is an SBE and Rinker Materials who is not an SBE. The most responsive bidder was Precast Concepts, LLC. There was no Minority and Women Business Enterprise (MWBE) goal for this project.
