

DENVER BOARD OF WATER COMMISSIONERS

Meeting Date: February 11, 2015

Board Item: II-A-8

First Amendment for Trench Shoring Equipment Rental Contract # 14793A

Information

Denver Water requires rental of trench shoring and related equipment for emergency fieldwork. The size of trenches varies, so it is not cost effective to own and store components that would accommodate every possible configuration. Rental services have been provided by three vendors: United Rentals Northwest, Inc. under contract 14793B; Trench Shoring Services under contract 14793C; and Sunbelt Rentals, Inc. under contract 14793D since April 1, 2013. The contracts will expire March 31, 2015. Denver Water would like to extend the contracts for an additional two-year period and increase the contract amount to cover the time extension. The contractors have agreed to honor our current pricing throughout the additional period.

Funds for these services are included in the 2015 Operations and Maintenance budget.

Recommendation:

It is recommended that the Board authorize additional funds in the amount of \$150,000.00 for Contract No. 14793A, for a total contract amount of \$350,000.00 and two year extension through March 31, 2017.
