Information

The CIS team has been using two contractors engaged through Wipro Limited to augment staffing capacity and provide specialized technical skills needed to support and advance the CC&B Customer Information System. Based on anticipated needs, plans are to release one of the two contractors at the end of 2012 and extend the other through 2014, at which time current core employee staffing on the IT CIS team will be adequately trained and have sufficient capacity to meet business needs. The current contract under which these two contractors are engaged is set to expire at the end of 2012.

The specialized continuing contract services needed include:

- Providing technical design solutions and documentation for implementing new business functionality in CC&B
- Providing software programming and testing for CC&B enhancements
- Executing software code migrations between development, testing and production environments
- Providing CC&B Production support services, including:
 - Production process execution and performance monitoring
 - Investigation, resolution, follow-up and reporting of production problems

Recommendation:

It is recommended the Board approve this contract with Infinity Tech for the specialized CC&B skills and services of Ashok Prakasam, at the rate of \$80/hour, for a total contract amount of \$333,200, through 2014.

Approvals:

Respectfully submitted,

Christopher R. Dermody
