

DENVER BOARD OF WATER COMMISSIONERS

Meeting Date: January 9, 2013

Board Item: V-A-11

Tabulation of Bids for Toilet and Septic Service in Outlying Areas Contract # 14607A

Action by Consent

Information

Denver Water requires pumping of double and single vault toilets, caretaker residence septic systems, and RV dumps in 11 outlying recreational areas, as well as routine cleaning. Since these areas are spread out between the Front Range and mountain areas, there are a limited number of potential bidders who can provide these services in these locations.

The Invitation for Bid was sent to 5 potential bidders and e-mailed to 10 SBE trade organizations. Habcon Services, Inc., submitted bids for cleaning of the double and single vault toilets and provided the lowest cost. Funds for toilet cleaning services are included the 2013 budget and will be included in the 2014 and 2015 years for this item.
