

DENVER BOARD OF WATER COMMISSIONERS

Meeting Date: January 9, 2013

Board Item: V-A-12

**Tabulation of Bids for Network Cabling Services
Contract # 14656A**

Action by Consent

Information

Denver Water requires network cabling services to install, terminate, and test data cabling, multi-mode fiber, outdoor copper, and fiber cable configurations; 5e/6 data patch; voice blocks; and the installation of indoor and outdoor conduit at various facilities throughout the Denver Metropolitan Area. In addition to the regular services required, this contract will also include a cabling project at the Administration Campus that will require directional boring to house the underground fiber cables starting in 2013. This requirement was last placed out for bid in 2011.

The Invitation for Bids was downloaded by 30 potential bidders, 22 of which were SBEs, and e-mailed to 3 potential bidders. Denver Water received a total of 4 responses, 2 of which were from SBEs. The proposal from American Datapath, Inc. was determined to be in the best interest of Denver Water.

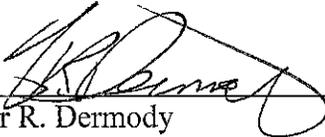

Funds for the network cabling services are included in the 2013 through 2015 budgets under MPC 3HN0041 (\$250,000) and MPC 4JN0003 (\$150,000).

Recommendation:

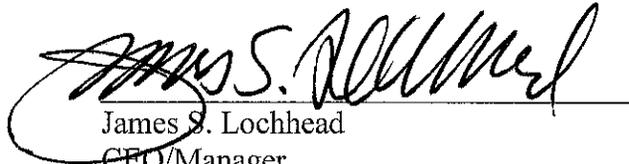

It is recommended the Board authorize award of Contract No. 14656A to American Datapath, Inc. for a total contract amount not to exceed \$400,000.00 for the contract period February 1, 2013, through January 31, 2016.

Approvals:

Respectfully submitted,

Christopher R. Dermody
Director of Information Technology

James S. Lochhead
CEO/Manager

Angela C. Bricmont
Director of Finance
