

DENVER BOARD OF WATER COMMISSIONERS

Meeting Date: April 14, 2010

Board Item V-A-16

**Contract Extension with Wipro, Limited  
for Software Integration and Development Services**

Contract# 11362A

---

Wipro was engaged in January, 2008 for the development of TIBCO based application integration solutions for the Enterprise Asset Management System (EAMS), including Service-Suite (the mobile workforce automation system), MAXIMO (the work & maintenance management system), and GIS (the Geospatial Information System). Many key EAMS deliverables have been completed, including: Mobile workforce automation for Emergency Services and the Flushing program, Hydrant data synchronization and improved hydrant inspection / work management capabilities.

Continued system integration work and support activities are needed in the following areas:

- a. Continuing Enterprise Asset Management System integration projects including:
  - i. MAXIMO integration with Service Suite, GIS, EnterpriseOne/JDE, and KRONOS
  - ii. CC&B integration with Service Suite, and EnterpriseOne/JDE integration
- b. Supporting the TIBCO product in production, test and development environments
- c. Continuing enhancement of tools to administer the enterprise integration environment
- d. Development of enterprise workflows for business processes including Accounting Work Order Management

This contract amendment will extend the services of three Wipro contractors at the original hour contract rates (\$70/hr, \$90/hr, and \$90/hr) for a one year period. Funding for this contract extension is budgeted in the Enterprise Asset Management System capital budget (MPC 3HN0006).

**RECOMMENDATION**

It is recommended that the Board approve this contract amendment with Wipro Limited for an additional amount of \$500,000, resulting in a total contract value of \$1,130,000

**Approvals:**

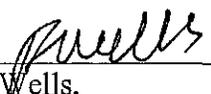

Chris Dermody,  
Director of Information Technology

Respectfully submitted,
