Amendment to Agreement No. 11733A, CCN 022 with The Brendle Group, Inc.

Beginning in 2008, The Brendle Group has performed indoor and outdoor water assessments at 124 Denver Public Schools (DPS) sites and 89 Jefferson County Schools (JeffCo) sites to determine water conservation opportunities, such as end-use fixtures, indoor process water, and outdoor irrigation use. Individual reports will be provided to each facility, as well as an overall final report summarizing historical water use, potential water savings, potential cost savings, probable cost including rebates, and simple payback for indoor and outdoor water use.

3 additional assessment locations for DPS and 4 additional facilities at JeffCo have been identified, and indoor and outdoor water assessments at 6 Sheridan School District facilities are being added.

The date for completion of work is extended to June 30, 2010.

Compensation shall be increased by \$41,988.00 to a total compensation of \$621,988.00, which amounts to \$2,752.16 per site.

Recommendation:

It is recommended that the Board approve the Amendment.

Approvals:

Marie Bassett, Director of Public Affairs
