

DENVER BOARD OF WATER COMMISSIONERS

Meeting Date: July 9, 2014

Board Item: II-A-7

Tabulation of Proposals for the 10-Inch & 16-Inch Main Installation at East Dry Creek Road and Big Dry Creek Contract 15475A

Action by Consent

Action

Information

On June 26, 2014, proposals were received for the replacement of approximately 250 feet of distribution main in East Dry Creek Road at the crossing of Big Dry Creek. Denver Water (DW) Treated Water Planning initiated a plan for DW Transmission and Distribution (T&D) to abandon an existing 14-inch main in East Dry Creek Road between University Boulevard and Colorado Boulevard, and install a parallel 16-inch main as a system improvement. DW T&D has completed the installation of the 16-inch main in East Dry Creek Road except for approximately 250-feet at the crossing of Big Dry Creek. Due to the depth of the existing main and groundwater conditions at the creek/bridge, the creek crossing portion of the main replacement requires special engineering and construction considerations and resulted in a separate project by DW Engineering. This project includes furnishing and installing all labor, materials, and equipment for the crossing of Big Dry Creek.

Four Contractors were provided with proposal packages, and two proposals were received with the low proposal submitted by Layne Heavy Civil, Inc. of Denver, Colorado in the amount of \$412,950.00. The Engineer's Estimate for the work was \$425,000.00.

The Minority and Women Business Enterprise (MWBE) goal established for this construction project is 3% participation. Layne Heavy Civil, Inc. achieved 3.54% MWBE participation.

The 2014 Capital Improvement Plan (MPC 2DD0100) includes sufficient funds for this project.

Recommendation

It is recommended that the Board award Contract 15475A to Layne Heavy Civil, Inc. for the 10-Inch & 16-Inch Main Installation at East Dry Creek Road and Big Dry Creek Project in the amount of \$412,950.00.

Budget Considerations

Master Plan Code(s): 2DD0100

Budgeted Item Unbudgeted Item Funds transferred from another project:

Budget Information

2014 Budget	\$	782,373.69
Amount Requested This Item	\$	412,950.00
YTD Expenditures	\$	43,000.24
Additional Expenditures Anticipated	\$	326,423.45
Revised 2014 Estimate	\$	782,373.69
Variance Required	\$	0.00

Approvals:

Robert J. Mahoney
Director of Engineering
