

DENVER BOARD OF WATER COMMISSIONERS

Meeting Date: July 23, 2014

Board Item: II-A-2

Second Authorization for Additional Funds for Heavy Equipment Rental Services Contract # 13633A

Action by Consent

Action

Information

Denver Water entered into Contract No. 13633A with Honnen Equipment Company, Power Equipment Company and Power Motive Corporation on October 17, 2011 for heavy equipment rental of items that are needed to support large projects for Source of Supply and Transmission and Distribution but are used too infrequently to be purchased.

Mitigation efforts for the September 2013 flood resulted in unanticipated equipment needs that absorbed \$425,000.00 of the contract, which depleted remaining funds. In the fall, Denver Water will be bidding this service, but additional funds are needed for this contract to cover the rental needs of ongoing flood mitigation and normal business until the start of the new contract.

Funds for heavy equipment rental services are included in the 2014 Budget.

Recommendation:

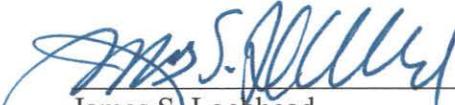

It is recommended that the Board authorize additional funds to Contract 13633A with Honnen Equipment Company, Power Equipment Company and Power Motive Corporation for heavy equipment rental for an additional contract amount of \$375,000.00 for a total contract amount of \$1,135,000.00.

Approvals:

Thomas J. Roode
Director of Operations and Maintenance

Respectfully submitted,

James S. Lochhead
CEO/Manager

Terri Bryant
