Information

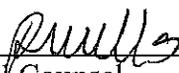

---

Two initiatives that will appear on the statewide ballot in November would have a significant impact on Denver Water customers. Both Amendments 60 and 61 would increase Denver Water's costs and would require raises in water rates to pay for the increased costs. Amendment 61 would also shift costs of water infrastructure from future customers to existing customers. The Board is entitled under state law to pass a resolution and take a position of advocacy on any ballot issue. The attached Resolution takes a position opposing Amendments 60 and 61, based on their potential impacts to Denver Water Customers.

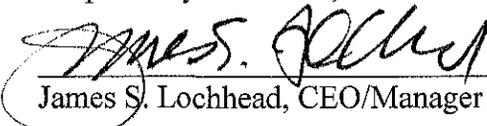

Recommendation:

It is recommended that the Board adopt the Resolution of the Denver Board of Water Commissioners Stating the Board's Opposition to 2010 Ballot Measures: Amendment 60 and 61.
