

DENVER BOARD OF WATER COMMISSIONERS

Meeting Date: March 14, 2012

Board Item: V-A-12

Tabulation of Bids for Butterfly Valves at Foothills Treatment Plant

Action by Consent

Action

Information

Denver Water uses butterfly valves for new installations and replacements to the distribution system. The butterfly valves are for replacement at the Foothills Treatment Plant. The existing valve conditions are poor and deteriorating due to age and corrosion. This replacement project is part of the 2012 Capital Improvement Plan.

Invitation for Bids was sent to three prequalified bidders. The most responsive bidder was Henry Pratt Company. None of the respondents were SBEs.

Recommendation:

It is recommended that the Board authorize the award of Contract No. 14068A to Henry Pratt Company, to furnish butterfly valves, for a total contract amount not to exceed \$294,112.00.
