Information

On January 24, 2012, three proposals were received for the design of the Tanabe Reservoir Outlet and Interconnect Project.

Denver Water staff solicited proposals from four qualified consulting firms to provide final design services for the Tanabe Reservoir Outlet and Interconnect Project. Proposals were received from three of the four firms and reviewed by a selection committee comprised of Denver Water project team members for a quality-based selection. The Committee determined that MWH Americas, Inc. provided Denver Water with a strong technical team and had the best response to the Request for Proposal. An agreement has been negotiated with MWH Americas, Inc. to provide professional services in the amount of \$178,987.00.

No Minority and Women Business Enterprise (MWBE) goal was established for the design portion of the project. Participation will be required during project construction.

The 2012 Capital Improvement Plan (MPC 1AL0238) includes sufficient funds for this project. The project variance has been coordinated with Finance staff.

Recommendation:

It is recommended the Board award Agreement 14073A to MWH Americas, Inc. for the Tanabe Reservoir Outlet and Interconnect Project in the amount of \$178,987.00.
