Information

Denver Water requires resilient seated gate and tapping valves for new installations and repairs to the water distribution system. These items are maintained in Warehouse stock.

The Invitation for Bids was downloaded by 27 potential bidders and sent to 10 SBE trade organizations. Denver Water received five responses, none of which were from SBEs. Two schedules were included for this bid. Mueller Company, Ltd. was the lowest responsive bidder for both schedules.

Funds for the gate and tapping valves are included in the 2012-2013 budget and in the 2014 ten-year operating plan.

Recommendation:

It is recommended that the Board authorize the award of Contract 14466A to Mueller Company, Ltd. for the term November 1, 2012 through October 31, 2014, for a total contract amount not to exceed \$900,000.00.
